

There is work to be done!

This is a call to all of the men of St. Anna. The future of our parish is wonderful and unlimited and is to the benefit of many, both inside and outside of our community. Naturally such benefits require an effort, which is where our men can play an important part.

The immediate needs include the anticipated move into the Atrium location, and also with the help of our newly formed Service Ministry (Co-chaired by Alisanne Korologos and Ann Sasich) there are opportunities that go well beyond manual labor.

We are hoping that everyone comes to the 2nd Annual Men's Ministry End of Summer Get Together to learn what is in store for the Ministry and enjoy the camaraderie of our brother parishioners.

Sunday, September 15th

The Atrium Patio

5 PM

We will be enjoying the outside facilities starting at 5 pm. Grilling, libations, and discussions will ensue shortly thereafter. There is a lot of work headed our way, so please plan on attending.
