## ◆ **Is there a need for blood?**

- ◆ Our local hospitals are currently in critical need for blood.
- ◆ Hospitals still have scheduled procedures and emergency need for blood everyday.

## ◆ **What safety measures are being taken with Covid 19**

- ◆ All Red Cross staff will do a daily temperature and symptom check prior to coming into work.
- ◆ All non-vaccinated donors and Red Cross employees must wear a mask. Masks will be provided.
- ◆ The drive layout will be a bit more spread out to make donors comfortable and ensure donor comfort and safety.
- ◆ Extra cleaning supplies to wipe down tables, chairs, beds, refreshment table and any other surface
- ◆ Hand sanitizer will be readily available throughout the drive.

## ◆ **What is being done to minimize the time I spend at the blood drive?**

- ◆ All appointments will be online
- ◆ Using your smart phone or computer, log onto [www.redcrossblood.org](http://www.redcrossblood.org) and enter keyword:  
St. Anna
- ◆ Select a time and follow the steps to reserve your appointment

## ◆ **Using Rapidpass is the most efficient way to donate!**

- ◆ On the day of the drive, fill out your Rapidpass:  
<https://www.redcrossblood.org/donate-blood/manage-my-donations/rapidpass.html>
- ◆ Pass can be printed or saved to your cell phone and then shown at check-in
- ◆ Saves the donor and phlebotomists time and will ensure a better overall experience!
